ASSISTING FARMERS

3	7:10 (10 min)	Farmer Housing Assistance Request	Discussion	Larry Bailey	a) Stratton Letter
---	------------------	------------------------------------------	------------	--------------	--------------------

Larry: Letter from CCFB in packet; similar issue that Scott Reed is having in our county regarding exemption that allows a house to be constructed; farmer trying to build a son's dwelling on farm but county is not letting them; spent a lot of money trying to get this through; concerted effort across state? Not a specific action for us to take right now.

- Deniece: Contact OFB?
- Larry: Letter also sent to OFB (copied to Dave and Angi); it's in Boring so close to us; our member/Scott experiencing something similar; Don Sturm had similar issue when county resisted. Multnomah County trying to remove exemption
- Joe: Wrong that they are removing exemptions from books.
- Larry: Older parents can't run farm; younger son wants to come back and help.
- Joe: No negative consequence to farmers in endorsing resistance.

➤ Action Item: Jay to check to make sure OFB has letter.

4	7:20 (5 min)	Oregon Child Development Coalition	Discussion	Al Garre/ Jay Udelhoven	N/A
---	-----------------	-------------------------------------------	------------	----------------------------	-----

AI: Introduced topic; head start program that would serve children of farmers; businessperson introduced him to it; lives in Tualatin; asked if AI knew of someone who wanted to sit on planning group

- Jay: Oregon child development Coalition (<https://www.ocdc.net/>) is a non-profit established in 1971 that is based in Wilsonville. OCDC has 9 programs that work together to help young children and their families grow, learn, and succeed; four of the programs support migrant and seasonal farm workers and their young children. In 2019, they had \$66.4M in revenue, \$45M for salaries/benefits, and an unknown number of staff but 212 staff vacancies. They currently work in 21 counties, including 15 Oregon counties (including Multnomah County), 2 Washington counties, 2 Idaho counties, and 2 California counties.
- Larry: Jay to follow up and see what they want and when they want it input wise and otherwise; if we had a member with a large number of migrant workers that would likely best help them; Clackamas and Hood River probably have more farmers with more migrant workers.

➤ Action Item: Jay to follow up with OCDC.

5	7:25 (5 min)	Fill Your Pantry/Market Scouts	Information	Jay Udelhoven	N/A
---	-----------------	---------------------------------------	-------------	---------------	-----

Jay: We received a push back from a few Instagram followers regarding our invited speaker for the annual meeting. In addition, and following up on that, Slow Food Portland has decided not to accept future funding from MCFB for its programs.

- Scott: Disengaging makes it worse. Will follow up with a call if we don't mind.
- Larry: Had not thought about this too much; he is a local celebrity and friend of member who asked if he wanted to do it.

Multnomah County Farm Bureau

BOARD MEETING MINUTES

Date/Time: October 21, 2021, 7:00 – 9:00 PM

Location: Rossi Farms, Zoom or Call-in

- Al: Good entertainer and relevant speaker.
- Scott: We should call these people; two sides are drifting too far apart; Lars Larson is an entertainer.
- Larry: No strong need to reach out to them; struggled with funding them in the first place; would rather do it in a year, but not right away; if it might be productive, okay, but we're likely not going to change their mind.
- Joe: We're open to all viewpoints; we're in Multnomah County. In the future, we should think about these things more.
- Scott: Has two more "traditional" members who want to join, but ultimately if want to grow our membership with need to connect with farmers at the farmers markets.
- Jay: In part, that's why we provided funding to farmers market programs in the first place.
- Larry: If we want new members, we have to target farmers who make less than \$20K/year; in future need to be more careful about these things.
- Pete: As they get to size where the "cap and reduce" affects them, they will think differently.
- Scott: We need to be open to slowly bringing additional members; would prefer to work with them.
- Larry: OFB annual meeting; issues are very different; how do we represent perspectives from our county?
- Scott: Reach out next year and ask them who should be speaker?
- Scott: A lot of things he did when he was young that he learned didn't make sense. Hard to make these comments when only his second meeting. Most of times people run across a farmer it's at a farmer's market.
- Larry: appreciates discussion; would like to pick up other members.

6	7:30 (5 min)	EMSWCD Update	Information	Joe Rossi	N/A
---	-----------------	----------------------	-------------	-----------	-----

Joe: Said EMSWCD to engage with MCFB; they execute soil and water projects that our farmers would benefit from; had conversation with ED; expressed desire to talk to Jay; could be collaboration opportunities; they could pick better projects and we have members that would benefit.

- Scott: Do we ever reach out to WMSWCD?
- Joe: Not yet; only this half because he is on EMSWCD board.
- Deniece: Do SWCDs help with irrigation wells?
- Joe: If it benefits soil and water, they would consider it; that's the opportunities they are looking for. They want irrigable farmland. They want to preserve farmland.
- Deniece: Working with nurseryman now where water guy is figuring out where aquifer is; presentation soon what options are; SWCD may have insights and help.
- Joe: MCFB can cue up farms that could benefit from EMSWCD's work.
- Scott: Do they get involved with farm ponds?
- Joe: Usually don't want to touch surface water; might if you have a smart system where you minimize water use.
- Larry: If you have existing well, they'll help you improve efficiency; convert to drip; 75:25 cost share; pay for labor and gravel for roadways that erode.
- Joe: Talk to you about conservation easements on the ground; anything that would make farmland better; more appropriate to change inefficient systems.

- Jay: Dates, pencil in 12/17?
- Deniece: not available 12/17-21.
- Larry: Let's pencil in 12/11.

➤ **Action Item:** Jay to start planning for End-of-Year/Christmas Gathering on 12/11.

OFB Convention Delegates (12/7-9)

- Larry: We need to identify OFB Convention Delegates.
- Scott: Would like to will go to meeting.
- Al: Can be an attendee or delegate.
- Larry: Voting members qualify as delegates.
- Al: There are also alternate delegates.
- Larry: Helen will be there as well.
- Larry: Will be there; Joe will be there: Al will be there: Deniece or John?
- John: Most likely not.
- Deniece: Hard to get away.
- Al: Drop dead date for forms?
- Larry: 11/15. Preference for delegate or alternate; Scott & Helen as alternate; Larry, Joe, and Al as delegates.

➤ **Action Item:** Jay to send information on OFB convention.

AFBF Convention Attendees (1/7-12)

- Larry: AFBF is in Atlanta in January; assuming Angi gets re-elected, Larry will be there; should take people who wants to go.
- Al: Will pass.
- Joe: Plans to go; will try to get Gabrielle to go.
- Larry: Have to know before next meeting.

Jay: As directed from last meeting, looked at different ways the "best and worst" counties are being described throughout the US. There is a lot of objective data out there, such as on production, farms per capita, revenue, etc., but not a lot of subjective information on things like conducive regulatory environments. A map is attached in Item 11a of the board packet as an example.

- Larry: Would be fascinating to see trend over time; # of farms, farmers, production.

BOARD MEETING MINUTES

Date/Time: October 21, 2021, 7:00 – 9:00 PM

Location: Rossi Farms, Zoom or Call-in

- Scott: Went back and looked at what they did in Arkansas; will give to Jay; Preserve Arkansas now is more sophisticated; allows issue to get ton of free press and legs; we need to play better offense; every neighbor thinks they have a right to tell farmers what they can do on the farm. Nobody running for office wants to be asked why they are the worst county.
- Larry: Most effective way to do it is to pull something together and then hand it to OFB; same thing with farmer bill of rights; better if whole state was on board.
- Joe: Something we could bring to state next year.
- Larry: If everyone is okay; take time to do it right over the next year.
- Scott: Multnomah County is least favorite; but data will show it; here's the data but "color" is in the press package; if data sources are consistent; then future years are easier.
- Larry: Pete could take it to state board.
- Scott: We could bake it better and talk about success in other states; top 10 statewide list, then good local news story.
- Larry: Scott to work with Jay to come up with something for initial; what are most important 15 things to watch in county for ag; FBORs then has an easier chance of passing at a ballot measure level; if the concept has legs, it needs to get done at state level; then need marketing people to package it.
- Barry: Average ballot measure is \$5M.

➤ **Action Item:** Scott to work with Jay regarding best/worst farm county criteria; come back with something in January.

----	------------------	---------------------------	-------------	--------------	-----

Larry: Betsy Johnson is running for governor as an Independent; big thing for farmers to get someone decent representation.

- Barry: Thoughts on Betsy; not an endorsement; stalwart advocate for agriculture; serve with her on committees, very straightforward; switching to Independent; which feels appropriate; very moderate; crossed lines many times; more conservative than anybody in her party in Senate; open and honest; you know where you stand with her; big supporter of natural resources and farmers in the past; know something about the R and D candidates; traditionally OFB hasn't engaged in primaries; Rs and Ds could both endorse her; opportunity to have a governor that is not from either party. 44% not affiliated or Independent
- Larry: Appreciate insights; as a board not sure what we should or could do; not ideal candidate but best opportunity.
- Barry: Enjoy her company; find her fascinating and adept at many things.
- Larry: Committees; did Scott get them?
- Scott: Land use committee jumped out at him; aggregate?
- Larry: Committees are meeting actively right now; may want to wait until after annual meeting.
- Scott: Land use is preference.
- Larry: Want to encourage everyone to reach out to people for the annual meeting; facility holds 120.
- Joe: It's what we should be doing for outreach to new members; every charity has an outreach event.
- Larry: Has encouraged OFB staff members if they have time to come; if they do show up; would like to get each of them that shows up something.
- Scott: What about inviting city council?
- Joe: Lars Larson is issue: next year we should consider this more.
- Scott: His county commissioner would come.
- Joe: Should think of annual meeting; one week out will need a headcount.
- Larry: Employment posters 17x29 print \$2/poster if bought 1,000 of them; too late this year, now think about for next year. Put up sign; free, donate to the memorial scholarship fund.

Motion: Passed/carried

Deniece: Used prior budget to get started on this year's budget; income slightly up from membership dues; interest income consistent unless interest rates changes; awards income about \$500; total income \$72,015 should be close; last month discussed wanting to add budget items; added promotional materials of \$300 and door prize of \$500 and firearm purchase of \$1,500 and member enhancement is same \$5,000 so whole group is \$7,300. [EXPLAINED SIMILARITIES AND DIFFERENCES BETWEEN PRIOR YEAR]; budgeting for first time with more expenses than income;

- Al: \$7,500 for leadership includes sending folks to conventions, etc.; that has been adequate in the past?
- Deniece: Yes; that's what it is and has always been adequate.
- Larry: Budgeting for \$8k negative; difference is the new stuff, which could be rolled into member enhancement?
- Scott: Suggests balancing it.
- Larry: Which line items are higher?
- Deniece: Will balance it by reducing the contributions.
- Larry: Would rather see it balanced; if we have a surplus we can choose to make extra contributions.
- Deniece: Don't want to see promotional firearm separate?
- Larry: No, all member enhancement.
- Deniece: Will adjust and send out; how to approve? Via email?; send to Larry?
- Larry: Yes, will send out to approve over email.

Jay: We also need to approve Deniece contract for another year. Deniece and both now operate under one-year contracts. Recommending we renew for another year under the same terms.

Dear Larry and Multnomah County Farm Bureau members,

Thank you for your continued support of Summer Agriculture Institute West (SAI-West)! This year, SAI-West is celebrating its 32nd year of providing teachers with the unique opportunity to experience Oregon agriculture learning directly from agricultural producers and industry professionals.

Financial contributions help make this program possible allowing teachers to explore several agricultural operations, speak with farmers and be introduced to real-world concepts they can utilize in their classroom curriculum. Teacher participants of the program earn graduate level credits from Oregon State University and leave the program with knowledge and tools to share the story of agriculture with students in their classrooms and communities.

As you wrap up this year and plan for next, please consider a contribution to Summer Agriculture Institute-West. With contributions from individuals and organizations such as yours, SAI-West will continue its worthwhile mission increasing agricultural literacy and providing first-hand agricultural experiences for Oregon teachers.

If you have any questions, please don't hesitate to contact me by phone, (503) 887-0624 or by email, sai.west@oregonstat.edu. Thank you for your support in increasing agricultural literacy among Oregon educators.

Together for agriculture,

Larry Bailey, President
8325 SE Altman Rd
Gresham, OR 97080

Dear Larry, Bailey,

This time a year ago, I wrote each County Farm Bureau President in Oregon requesting financial support for the Oregon FFA. I wrote that letter as a long-time FFA supporter and donor, and as a long-time Oregon Farm Bureau member. The positive response was deeply gratifying.

I write today for the same reason, as CEO of the Oregon FFA.

Now more than ever I believe there are few things more important to the future of our industry than training young people in the leadership skills necessary to communicate agriculture's message effectively. It is my sincere belief that for high school students, there is no more effective mechanism for developing these skills than the FFA.

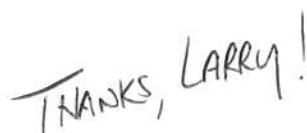

I've been a Farm Bureau member for 25 years because I believe the organization has made and is continuing to make a significant difference for Oregon Agriculture. I'm an FFA supporter and donor for the same reason.

As a County Farm Bureau leader, you have the opportunity to make a difference in 2021 for this organization that has made a positive difference for so many young people. Please encourage your board to consider joining the Oregon FFA as a Star Partner (description attached), but a contribution of any amount will be well used and deeply appreciated.

Please don't hesitate to reach out if I can answer any questions.

Sincerely,

Phil Ward

2021 Foundation Partner Recognition Levels

We deeply value our sponsors, friends and supporters. They continue to help make really good things happen for Oregon FFA. Our sponsors and their goals and objectives are as diverse and different as our 11,375 FFA members in 111 Chapters across the state of Oregon.

Oregon FFA is dedicated to making a positive difference in the lives of students by developing their potential for **premier leadership, personal growth and career success** through agricultural education. The things and experiences that make ALL of that possible for students now and into the future....

Student Support: We work to reduce economic barriers for as many students as possible. It might look like a registration fee, supplies, travel costs or just about anything else related to helping a student be a part of their FFA chapter and engage in a Supervised Agricultural Experience.

Supervised Agricultural Experience (SAE): Required for all FFA members and serves as a great way to apply classroom principles in the real world. SAE's are student-led, instructor-supervised, work-based learning experiences that result in measurable outcomes.

Greenhand Conference: Greenhand Leadership Conference introduces students to the benefits and opportunities in agricultural education, including Supervised Agricultural Experiences (SAE) and FFA.

Career Development Event (CDE): FFA members are challenged to real-life, hands-on tests of skills and knowledge used to prepare them for **careers** in agriculture, natural resources and food production.

Washington Leadership Conference: This conference, typically held in Washington DC, is focused on leadership, citizenship, service and action. The conference allows FFA members to practice personal growth, witness advocacy in action, and be exposed to new connections and experiences.

State Officer Support: Oregon has six State Officers who dedicate an entire year, right after they graduate from high school, working across the state to support the organization, meet with business and industry leaders and advance agriculture education to both members and the public. This is no easy task (especially during a global pandemic!) and is accomplished with the utmost passion, diligence, and integrity.

Dear Multnomah County Farm Bureau,

We are writing to encourage you to support the Oregon Farm Bureau Memorial Scholarship Project through the Oregon Agricultural Education Foundation. Since 2001, this Project has awarded 320 scholarships to Oregon students who have an interest in Agriculture or Forestry and a desire for higher education.

The goal of this Project is to “Support students that will have a positive impact on production agriculture, or other agricultural related and forestry fields.” **\$30,500 was awarded to 21 exemplary Oregon high school graduates and college students across Oregon this year!** To get an idea of the caliber of our recipients, please check out the video made with one of our two-time recipients, Macy Rosselle. Macy Rosselle, a 2020 and 2021 OFBF Memorial Scholarship recipient, was a featured guest on Oregon Farm Bureau’s FRED (“Farming and Ranching Every Day”) Talks video series. In her conversation with OFBF Communications Director Anne Marie Moss, Macy talks about the scholarship program, her experience as a summer intern for Oregon Congressman Cliff Bentz, and what it was like living in Washington, D.C. Check out the video at OregonFB.org/fredtalks. With your help, this dynamic Project can continue to grow and provide more scholarships to students each year.

In an ongoing effort to provide fiduciary responsibility to our donors, we are an all-volunteer committee which allows a greater percentage of your donation to be awarded directly to students. The application process is administered through OSAC (Oregon Office of Student Access and Completion), and final selection of recipients is determined by the OFBF Memorial Scholarship Project Committee. Again this year, children and grandchildren of a current Voting OFBF Member are eligible to apply, without regard to major. The application process opened on November 1 and will close at 5:00 pm on March 1, 2022. To apply, go to oregonstudentaid.gov/scholarships.aspx. Click on “OSAC Scholarship Catalog” on right side of screen. Select Scholarship #796.

These scholarships are truly a “gift of knowledge” as they help defray the costs of higher education in the short-term and are an investment in the well-being and future of our industry in the long-term as these students use the skills and knowledge they learn over a lifetime of work in agriculture or forestry. Your donation will be recognized on our annual poster and other media publications through the Oregon Farm Bureau.

If you have questions, or would like additional information, please contact Holly Michaels at scholarship@oregonfb.org. Thank you for considering supporting the Oregon Farm Bureau Memorial Scholarship Project and the Oregon Agricultural Education Foundation.
