3	7:10 (15 min)	On the Farm • What's happening on the farm – quick round robin by board members+	Information	All board members+	N/A
---	------------------	--	-------------	--------------------	-----

Jay: Introduced new board agenda item as a means to understand what is happening on board members' farms.

- Larry/Angi: Undertaking an EMSWCD irrigation project with a control system that will more efficiently use water; green house, which was destroyed in winter storms, was being rebuilt; doing some retail tree sales.
- Pete: Pruning hazel nuts, planting corn/cucumber; 1/2 pound cucumbers for juice (cosmetics) on 25 acres; continuing with wetland mitigation bank on 40 acres (estimated value \$205k/acre).
- Al: Renter has been planting; irrigating in April/May like it's August; plant whenever you want; waiting for degree days to harvest crop; drilled own well a while back because couldn't afford city water; city water is now >\$5/ccf.
- Joe: Toured ag opportunity in Boardman (carrot/radishes mechanization); irrigation is big thing on this farm; on Rossi Farms, renter's flowers for Mother's Day sold out.
- Andrew: Good season at headwaters, very dry; got planted earlier than usual; a little conflict between farmers; facilities built out solar is functioning and offsetting needs; 16 farmers out there this year/15 actually on the farm.

➤ **Action: Jay to distribute logo options and online polling to board members over summer break.**

Jay: A big thanks to Joe for donating 10 hats with our current logo on them; let me know if you know of someone who should receive one.

- Joe: Would like to donate 12 additional hats with new logo.
- Al: With the money we have in our budget, Joe should not have to pay for hats.
- Joe: Wants to do this; MCFB can buy second round.
- Al: What are cost discounts for more hats?

➤ **Action: Jay to check on price breaks for hats.**

REPRESENTING FARMERS

6	7:35 (10 min)	OFB/Policy Update <ul style="list-style-type: none">• Monthly Member Briefings the fourth Friday of the month at 7 a.m. (May 28, June 25, July 23)	Information	Pete Postlewaite Angi Bailey	N/A
---	------------------	---	-------------	---------------------------------	-----

Pete: Brian glazer elected OFB budget chair; money is good; took out latest gains to hold in special fund; other things to do to rebalance portfolio; John Zelinski voted 3rd VP – he has labor, water, retail, production ag – very big asset; petition 13; started \$25K seed money coalition to fight it; good HR/attorney discussion about social justice.

- Joe: Question about initiative 13.
- Angi: They have enough sigs (1,000) to get a ballot title which represents the 1st op to challenge. Next they will need about 112,000 sigs to get on ballot; will need to collect ~150,000 sigs because many are thrown out. Aiming for 11/2021; OFB leading coalition to fight it. Also filed similarly in Colorado for same period.

Larry: Have been in communication with Representative Anna Williams; Zoom meeting scheduled with her for Friday the May 28th from 11-11:30; invited board members or MCFB members - is board OK with us inviting the general membership (but only distributing the meeting links to members who respond indicating that they want to attend)?

Multnomah County Farm Bureau

BOARD MEETING MINUTES

Date/Time: May 20, 2021, 7:00 – 9:00 PM

Location: Rossi Farms, Zoom or Call-in

Williams' farm-related votes were somewhat consistent; 2nd amendment issues she differed; most of bills direct impact on ag she is a reasonable ally. ag overtime bill back and forth; they deserve overtime but she accepts fact that farmers can't pay for it; With no overwhelming board response, we'll just let board know. Planning tour this spring with her; does Headwaters Farm host officials? Would Headwaters host?

- Andrew: Anna Williams – Yes, we'd host.
- Larry: We'll see how it works out and will keep EMSWCD in loop.

➤ **Action: Jay to send out Williams meeting information to the board.**

7	7:45 (5 min)	Project Reviews <ul style="list-style-type: none">• Bull Run Project• DSL projects	Information	Jay Udelhoven	N/A
---	-----------------	--	-------------	---------------	-----

Jay: Attended another Bull Run Advisory Group meeting; they reviewed the Good Neighbor Plan that was brought up at our last board meeting. Posed a question regarding the long-term impacts to surrounding land values from the facility. Their answer, which felt overly dismissive, was that they didn't think there would be any impacts. By their own admission, they had not reviewed research, looked at any data, or inquired with any land valuation experts on the topic. Others at the meeting prodded them on the topic. They agreed to look into it. In terms of DSL permits, only one review this last month which was for a project on the Willamette River.

- Andrew: David Peters, from the Bull Run Project, has asked in the past about groups that he could talk to. First-hand updates offer for meeting stand.

ASSISTING FARMERS

8	7:50 (5 min)	Farmworker Housing Project <ul style="list-style-type: none">• Update on external project	Information	Larry Bailey	N/A
---	-----------------	--	-------------	--------------	-----

Jay: The same developer that we supported with a letter for the Amanda Court project last year came back to us this year asking for our input on another potential project that would include farmworker housing. The developer is considering a new site near the Gateway Transit Center for this next project; the project would have a total 50-60 units, with 60% reserved for "medium-income" and 10-15 units reserved for agricultural workers. When the board was queried, Larry and Joe responded; Joe asked for a meeting with the developers, which they accommodated.

- Joe: Great meeting; asked for our input; what they are doing is not going to work; not going to work for farmers or them; they actually listened.
- Pete: What were they overlooking?
- Joe: Housing too far away from farm; labor housing on farm is much easier; if it's at Gateway, they'll work locally.
- Larry: Surprised; thought they may be looking to get a grant and not caring about input; they appeared to listen and wanted it to work; unfortunate part is the "right answer" isn't easy.
- Jay: At the end of the meeting, they appeared to be backing away from asking for the farmworker housing credit for the Gateway project, but said they are planning another project outside of Portland in the coming year and that they'd return to us for our input at that time. Stay tuned.

Multnomah County Farm Bureau

BOARD MEETING MINUTES

Date/Time: May 20, 2021, 7:00 – 9:00 PM

Location: Rossi Farms, Zoom or Call-in

Jay: Following up on action item from the last board meeting, investigated this a bit; lots of options out there to get vaccinated; appears accessible now; maybe too much information; some options in other areas to go directly to the farmworkers on farms (e.g., Hood River Valley), but didn't find anything here; have to have Internet access for everything that was found.

- Larry: Had problems finding Mt. Hood Community College vaccination option for two of his farmworkers; farmworkers would have never figured it out; for the second shot they know what to do; set up for POC and migrant workers. Mt. Hood community college drop-in clinic for POC and migrant workers.

10	8:00 (5 min)	EMSWCD Update	Information	Andrew Brown	N/A
----	-----------------	----------------------	-------------	--------------	-----

Andrew: EMSWCD staff still working remotely; updating strategic plan; steady stream of technical assistance requests for Jeremy; had a farm transition workshop series (4th year in a row) with Clackamas and Tualatin; very little interest from Multnomah County; thinking of not leading these in future; a lot of time for little participation; interested in knowing what the need is.

- Larry: Know people who attended thought they had positive experiences; many farmers don't have kids to hand the farm off to.
- Andrew: Hand-off could be to anyone, not just children of the farm owners.
- Joe: Hadn't considered that angle; how to make the farm transferable with value with family or not.

SHARING KNOWLEDGE WITH FARMERS

----	-----------------	--	-------------	---------------	--------------------

Jay: OSU Extension Service offers on-line and in-person trainings on a variety of essential farm-related topics. Composting, Land Stewarding, market pricing, hemp growing, small ruminant parasite management, food safety, youth tractor, atv, and side by side training. There is a lot of offerings out there but no central place where farmers can find out about it; going to look into this some more. Attached is a thank you and brief report from the Oregon Ag Fest that we sponsored; they had 750 cars and 4,000 people attend the drive through event.

2021 MEMBERSHIP DRIVE & NEWS

INTRODUCTION

Greetings Multnomah County Farm Bureau (MCFB) members and friends. With over half of 2021 behind us, we wanted to connect with you about membership, information, opportunities, and resources. We want you to know that everything we do is intended to help local farmers be successful.

REFER-A-FRIEND

We are now in the 2021 Summer Membership Drive so renew your membership today! If you are not a member, consider joining us. Also, you can refer someone new to join the Farm Bureau as a voting or supporting member and be entered into a quarterly drawing for a \$50 Visa gift card. The first six people who sign up as new MCFB members will also receive MCFB caps. Start or renew memberships at:

<https://multnomahcfb.org/join-us.html>.

THANK YOU ANGI BAILEY!

Longtime MCFB Board Member and Secretary Angi Bailey stepped down from our Board in May 2021 to allow her to focus on her new role as Oregon Farm Bureau President. We would like to thank Angi for all of the time and hard work she put in on behalf of local farmers and wish her the best of luck at the state Farm Bureau.

The MCFB Board of Directors now has six members. The Board met once per month January through May 2021 and is currently on summer "break" to attend to farming but will meet again in September and October 2021. If you or someone you know is interested in attending any of these meetings or would like to consider Board service, please contact us.

ASKING FARMERS

The "Ask a Farmer" strategy provides people an opportunity to ask real farmers questions. While we have answered several questions this year, similar questions regarding farm worker housing continue to persist: How and where should we build affordable and desirable housing for farm workers?

To help address the housing issue, in 2020 MCFB provided a letter of support for the Amanda Court Project located in Southeast Portland. Twenty-five percent of the housing in this project was allocated for farm workers. In 2021, the same developer requested input on a similar project targeted near the Gateway Transit Center in Portland. In our discussion with the developer, it became clear that the project was likely not best suited for farm worker housing. Moving forward, we will support farm worker housing that is:

- Safe, clean, and affordable;
- Close to the farm and on the farm if possible;
- Allows for multiple generations within one household and/or communal type living situation; and
- Provides easy access to necessities.

ASSISTING FARMERS

MCFB undertakes projects, activities, and outreach to assist local farmers and communities. Timely information and resources that may assist you and others related to current issues are below.

CONNECTING FARMERS

Current and future opportunities for members to connect with other farmers and MCFB members include:

- Social Outings: Golf tournament (Sept 21 @ Hazelnut Drive) and trap shoot (Sept 15 @ Albany Gun Club).
- MCFB gatherings: Annual Meeting (mid-November, likely in NE Portland) and End-of-Year Gathering (mid-December, likely in Gresham) - stay tuned for more information on these.
- State/National meetings: OFB Convention (Dec 7-9 in Redmond, OR) and AFBF Annual Convention (Jan 7-12, 2022 in Atlanta, GA).

If you would like to attend any of these events, please let us know!

REPRESENTING FARMERS

The 2021 legislative session is behind us. There were numerous issues of concern for local farmers in session this year, including the minimum wage, wildfires, animal husbandry and hunting. Non-legislative issues specific to the local Multnomah County area that MCFB engaged in include:

- Multnomah County agriculture housing-related code revisions;
- Portland Water Bureau Bull Run Treatment Project Advisory Committee;
- ODA Sandy River Basin Agriculture Water Quality Advisory Committee; and
- Oregon Department of State Lands permit review.

Item 6b: Logo Options

County Presidents,

On November 23, 2020, an OFBF employee spoke, in accordance with OFBF's Anti-Harassment and Anti-Discrimination policy, with EVP Dave Dillon and General Counsel Tim Bernasek. The employee expressed some workplace concerns regarding potential violations of that policy by OFBF members toward staff. As you may recall, our anti-harassment and anti-discrimination policies have been a focus of OFBF under the last three presidents. This focus has resulted in trainings and presentations for the board, the staff, and the House of Delegates.

Tim Bernasek retained Lisa Greenfield, an employment law attorney and HR consultant, to investigate the concerns raised. Greenfield interviewed several OFBF employees and debriefed the investigation at the May OFBF Board meeting. At that meeting, the board discussed these important workplace issues, and I wanted to share relevant information with you so that you can share with your county members.

As discussed in more detail below, we want your involvement as OFBF creates a path forward. With this in mind, we will be seeking your input and engagement on this topic.

Things that came to light through the staff interviews:

1. On occasion, some members use derogatory language for groups of people.
2. A limited number of members raise their voice to the point of yelling and/or aggressively point their fingers at staff during meetings.
3. At times, members do not respect personal boundaries. Examples of this are repeatedly calling or texting staff after work hours or asking them very personal questions.
4. Some of the situations shared took place at meals or other locations that may feel social or recreational to members but still are a work environment for staff.
5. Some concerns were based on members' social media posts and humor-sharing emails.

Why this is important:

1. The behavior of each member and leader reflects both on the county Farm Bureaus and on OFBF.
2. Several staff indicated that they did not previously report concerns because they did not feel that there would be any follow-up action taken.

3. There often is a power differential in member-staff relationships that makes it hard for staff to directly address members, particularly board members and county FB presidents.
4. There are legal risks related to harassment and discrimination. However, there also are member and staff morale and retention risks, as well as potential serious harm to the OFB brand if we do not pay attention and respond appropriately.
5. We want to be viewed as a welcoming place for both members and staff.

Next Steps:

The outside attorney made several recommendations that Dave can implement on a management level. These include creating a social media policy for staff, making it clear that members' personal social media presence is their personal space, and explicitly stating that staff are not required to engage with members' personal social media platforms for work purposes. Dave is already at work on those recommendations.

The outside attorney also had several board-level recommendations. The OFB Board authorized the President's Advisory Council (all officers, WAC chair, and YF&R chair) to consider how our organization should respond to these types of situations and to present their findings at the Sept. 2021 Board mtg.

It is important that we have statewide representation for this process so that all views can be considered and all voices are heard. **I invite each of you who has interest to consider participating in this process. If you are willing to assist, please let me know, and I will add you to the group working on the first cut of recommended responses.**

After that drafting process, and before final adoption of any new practice or policy, the Board will solicit involvement and input from all county presidents. **No action on these recommendations will be taken prior to this outreach to you.**

If you have any questions or input in the meantime, contact me.

Oregon State Board of Agriculture

As you may know, the Portland Water Bureau (PWB) is in the permitting phase for a new water filtration facility (the Bull Run Filtration Project). The currently proposed location for this facility is on approximately 100 acres of agricultural land, which is currently zoned for EFU and is just east of the corner of SE Dodge Park Blvd and SE Cottrell Rd in East Multnomah County. As local organizations that represent Oregon agriculture, we have significant concerns regarding the proposed siting of this new facility on EFU land, the permitting process being followed by PWB, and the potential short and long-term impacts to agricultural operations in the area.

We all have a vested interest in protecting exclusive farm use lands and ensuring that Oregon's permitting and zoning processes are correctly and faithfully followed. With this in mind, we ask for the Oregon Department of Agriculture's assistance in:

- Assessing whether the site meets other criteria for such a facility and the site selection fits within Oregon Land Use law.
- Identifying potential unanticipated, short-term, and/or long-term impacts to agriculture in the area proximate the proposed facility.
- Identifying the steps required by PWB to move forward with the proposed project and the opportunities for public comment on each step.
- Assessing progress through these processes to ensure that PWB is in fact following all required procedures and meeting all public reporting and comment requirements.

The immediate area impacts are of grave concern to area farm and ranch families. The potential precedent of this proposed siting is of concern to many producers outside the immediate vicinity. We ask your help in ensuring that this process is implemented correctly and that the needs of area farmers are fully heard and addressed. Please feel free to reach out to us, individually or as a group, if you have any questions or would like to discuss this matter further.

Sincerely,

Dear Larry and Multnomah County Farm Bureau,
Thank you for your generous contribution
to Summer Agriculture Institute-West Session!
This year, we had participants ranging from
kindergarten teachers to high school biology
and business instructors. Over the week,
teachers were introduced to farms, processing
operations and much more! Your support
helped to provide 19 educators the opportunity
to learn about agriculture first-hand. Through
this experience, teachers can help share the story
of agriculture with students.

Thank you,
Brittany Capell

Dear OFBF Memorial Scholarship Donor,

Thank you very much for your support and encouragement of Oregon students pursuing degrees in Agriculture, Forestry, and other Agriculture-related fields.

Because of your generous donation this year, we were able to award \$30,500 in scholarships to 21 deserving students!

Please find enclosed this year's poster highlighting our recipients and their sponsors, as well as your recipient's thank you note.

Thank you again for your generosity and commitment to education!

Sincerely,

May 18, 2021

Dear Oregon Farm Bureau,

I am honored to be the recipient of the 2021 Oregon Farm Bureau Scholarship. Thank you for your generosity in providing this academic award. I am a full-time student at Linn-Benton Community College and will be entering my second year this fall.

Your award will be beneficial in helping me achieve my academic and personal goals. As a student studying Agricultural Sciences, I am active on campus in a variety of activities including the Linn-Benton Community College Livestock Evaluation Team. I am also representing Linn County as Dairy Princess Ambassador and participate in both the Oregon Pork Producers and Oregon Dairy Women associations. In addition, I work 20-hours per week on my family's farm. My goal is to transfer to Oklahoma State University in the Fall of 2022 to dual major in Animal Sciences and Agricultural Communications with a minor in Political Science.

Thank you again for your support. This award is very meaningful to me.

Most Sincerely,

Gracie Krahn

Thank you for choosing me as a recipient of this scholarship. I am grateful for Farm Bureau's generosity in support of youth in agriculture. In addition, I also appreciate all you do to support the different aspects of the agriculture community statewide. Once again thank you so much!

Sincerely,

Lucy Kenagy

Item 11c: Ag Fest Thank You

April 6, 2021

Dear Ag Fest Sponsor:

In a few weeks, we will be welcoming guests to the 34th annual Oregon Ag Fest, which will be held at the Clackamas County Fairgrounds and Event Center, in Canby, on April 23-25. This will be an entirely new drive-thru experience for families to enjoy from the comforts of their vehicle.

Your sponsorship will help us expose children, and parents, to the importance of Oregon agriculture. They'll watch sheep getting sheared, view farm equipment, look at lots of farm animals, learn where their food, fiber and flora come from, and even take home seedlings to plant and other activities included in an "Ag-venture" kit which each vehicle will receive at the end of the course...learning while having fun.

As we celebrate 34 years of truly a unique event, we want to highlight a few items that we are excited to share. The tenth annual Agricultural Education Award will recognize three deserving organizations with a total of over \$2,000 for their outstanding educational outreach efforts. We also continued our statewide "What We're Made Of" essay contest, which helps students think about what agricultural products are made in their area. We had entries from all over the Willamette Valley, covering a variety of commodities grown in Oregon. As part of this contest, we have a special virtual field day planned that brings agriculture to life for winning classrooms, nearing 350 students. Both contests extends our three-day event to a broader audience and gets people talking about agriculture. We hope you are as proud of your part in helping these students learn to value local agricultural products as we are!

Thank you so much for your contribution. We couldn't do this event without you. We hope you come and enjoy the 2021 Drive Thru Ag Fest, with the enclosed event tickets and ice cream coupons. Again, thank you for your gracious sponsorship.

Sincere Thanks,

Macey Wessels
Oregon Ag Fest Chair
